

ABOUT CURRY POT

Curry Pot Food Inc. is locally owned and operated in Saskatchewan. It specializes in processing, manufacturing and producing samosas and curry sauces. Our passion for cooking is what brought Curry Pot into the existence of creating products which allow us to promote traditional East Indian cuisine.

Curry Pot aspires to provide high quality products, as we introduce new food items, while still keeping the authentic traditional recipes intact. Having knowledge of these traditional recipes and the general public's taste preferences, Curry Pot has developed outstanding and delicious samosas, sauces and chutneys for you to enjoy.

EXPERIENCE THE TASTE OF
EAST INDIA!

SAMOSAS FLAVOURS

Mild Curry Samosas

Traditional mild ingredients go into this version of the mild curry samosa. Chopped potatoes, peas, onions, cilantro, and East Indian spices are carefully added into the Curry Samosa for you to enjoy.

Mixed Vegetable Samosas

This hearty samosa is packed with nutritious vegetables such as peas, carrots, corn, potatoes and cabbage. Red chilies & East Indian spices bring out the unique flavour of each vegetable.

DIPPING SAUCE

Date & Tamarind

With a mixture of tamarind, dates, sugar, chili powder and cumin, this leaves a spicy yet sweet taste which dresses up any dish.

QUALITY AND TASTE

Our samosas and sauces are nutritious, easy to prepare, and they have no added colours or preservatives. There are no traces of egg or milk products. Using only the best ingredients, we guarantee high quality and great taste.

Once our samosas are made, they are carefully frozen. In order to keep the dough in optimum cooking condition, they must be kept frozen until they are prepared for consumption.
